# Pallet Racking Inspections

ARE YOUR RACK INSTALLATIONS SAFE?

Are you carrying out regular maintenance and legally required annual inspections?

Chess Safety Inspections is an independent SEMA Authorised Rack Safety Inspector. We carry out detailed audits assessing the condition and safety of racking and shelving installations.

Our reports will provide you with clear and concise information on structural defects, damage to uprights and beams, any overloading and any corrective action required. Arming you with the information you need to make sure your racks are safe and comply with current legislation.

**!** *let's make sure nobody gets hurt today*

Is your pallet racking in good shape?

Damaged pallet racking can be liable to collapse with devastating outcomes

Prevent accidents, damage and prolong the life of your racking with rack protection
